Stage: entry during exit follow-up

Ecorys UK, an independent research company, is carrying out an evaluation of **Ageing Better** – a national programme to improve older people’s lives.

As part of this evaluation, all Ageing Better programmes, including **Connect Hackney**, are asking older people some questions about themselves before and after taking part in the programme to see whether it has made a difference.

This questionnaire will take about 15-20 minutes to fill in. All your responses will remain completely anonymous. For further information, please ask the person who gave you this form. **Thank you for taking part.**

25. To help people say how good or bad a health state is, we have drawn a scale (rather like a thermometer) on which the best state you can imagine is marked 100 and the worst state is marked 0.

We would like you to indicate on this scale how good or bad your own health is today, in your opinion. Please do this by drawing a line from the box below to whichever point on the scale indicates how good or bad your health state is today.

Thank you for taking the time to complete this questionnaire. Please return it to a member of staff in person, or use the stamped addressed envelope provided if you have completed this at home.
